

## HAD SUFFERED THIRTY YEARS

Mrs. White Tells of Wonderful Improvement on Tanlac.

Another statement to be added to the thousands already given, testifying to the undoubted benefits that have been derived from the use of Tanlac in longstanding cases of stomach trouble, is that made the other day by Mrs. Margaret E. White, wife of a well-known farmer of Wilson Lane, whose address is R. F. D. No. 1, Box 62, Ogden, and who in telling of her experience with Tanlac said:

"For the past thirty years I was a great sufferer from stomach trouble and indigestion in one of its worst forms. Soon after eating anything I would begin to feel bad, then gas would form from my undigested food and bloat me up so bad I could hardly get my breath, and I would have such terrible pains in my stomach that I could hardly stand it. My heart would seem to be affected and would beat so fast and act in such a peculiar manner that I felt alarmed. I couldn't walk any distance at times without my breath giving out and I would have to stop until I could breathe easy again. I suffered so much from rheumatism in my limbs that often I could scarcely get about at all. I had awful headaches and my rest was so broken at night that I would get up in the mornings feeling just as miserable as I did when I went to bed."

"When I saw where so many people had been relieved of troubles like mine by taking Tanlac I decided to try it, top, and got me a bottle. Well, since I have been taking Tanlac my appetite and digestion have improved so much that I can now eat most anything I want and don't have any trouble at all with gas or stomach pains. Those awful headaches are all gone, I sleep all night like a child and feel just fine when I get up in the mornings. I am not troubled with shortness of breath now but can walk as much as I please and look after the cows and chickens and my household duties without feeling like I am about to give out. I think some people make a mistake in leaving off Tanlac after a few bottles make them feel well. I have taken five bottles so far and my condition is better than it has been in many years, but I am going to keep it up until I take at least ten or twelve bottles, for you can't have too much of a good thing like Tanlac, I say."

See that the names of G. F. Willis and Cooper medicine come on each bottle of Tanlac. None genuine without. Tanlac is sold in Ogden by A. R. McIntyre Drug Co., Eccles Bldg., only.—Advertisement.

## VIENNA ADMITS BLOODY DEFEAT OF AUSTRIANS

WASHINGTON, June 19.—Austria's grave food situation, coupled with the apparent failure of the new offensive against Italy, is exciting pessimistic comment in the Vienna press.

An official dispatch today from Zurich quotes the Arbeiter Zeitung of Vienna as saying:

"The situation will be still more serious in Vienna when the sanguinary defeat of the imperial forces, on the Italian front becomes known."

## HARRY WHEELER CABLES HOME

BISBEE, Ariz., June 19.—Harry Wheeler, former sheriff of Cochise county who was in charge of the deportation of 1186 copper mine workers and others from Bisbee last year, cabled from France today to the Bisbee Review assuming responsibility for the deportation. Wheeler now is a captain in the United States army. Twenty-one prominent men of Bisbee recently were indicted by a federal grand jury in connection with the case. Names of several other indicted men were withheld.

## U. S. EMPLOYEES ARE INDICTED

Men in War and Navy Departments Drawn Into Graft Net by Grand Jury.

WASHINGTON, June 19.—Employees of the war and navy departments today were drawn into the net set by department of justice for war contract brokers, through indictments returned by a federal grand jury here charging four men with trying to collect on a duplicate bill for \$187,000 submitted by a dry dock company for repairs to a government vessel. The case does not involve contingent fee profiteers, but grew out of the investigation into their practices.

The four indicted are Clyde C. Waltman, a yeoman in the navy department's bureau of supplies and accounts; Charles E. Waltman, his brother, a business man of Victoria, Va.; Benjamin W. Peake, a soldier stationed at Fort Meigs, Wash., formerly of Berea, N. C., and D. Malvin Mowrey, a stenographer employed in the signal corps office, formerly of Lancaster, Pa.

With free access to navy department files Clyde C. Waltman and Mowrey were said to have obtained a bill for \$187,000 rendered by the Morse Drydock and Repair company of New York for repairs to the government tug, Canadagua. After the bill was alleged to have been taken from the files the company was told it was lost and was asked to submit a duplicate, which was paid. Before the men presented the original bill for payment, they were arrested.

The scheme failed, it is said, because the men tried through a reake to get in touch with a confederate in offices of the drydock company and an unnamed soldier who heard of the plot informed the government. Charles E. Waltman became involved through some correspondence with his brother on the subject. All four men have been arrested and released on bail.

The significance of the disclosure, officials explained, lies in the suspicion that similar attempts to defraud the government may have been planned by others who are expected to take warning from the detection of this alleged conspiracy.

Definite proof of specific payments to contingent fee agents was gathered today by Assistant Attorney General Huston Thompson from records seized by secret agents in the raids Monday on these agencies' headquarters in Washington.

As a corrective measure, Attorney General Gregory is planning to ask heads of departments letting contracts to assist in co-ordinating their contract work. This is not expected to change radically the system of placing orders, or to result in formation of a central government purchasing agency, but it may have the effect of eliminating much of the secrecy now surrounding many war department contracts. Close scrutiny of all shipbuilding contracts has been under way at the shipping board for two months, under the direction of Miles Dawson, a lawyer of New York, who was associated with Charles E. Hughes in the insurance investigation. Commission agents undertook to negotiate some contracts for shipyards, officials said, and a general overhauling of details of all contracts was decided upon to make certain that they complied with the law.

## THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and wrinkles with soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their physical weakness and want to be made strong. Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear. Thin people become bright and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.—Advertisement.

## HOUSE OPPOSES BONUS PAYMENTS

WASHINGTON, June 19.—The house today took on record as opposing payment of bonuses to workmen for extraordinary services in producing war materials by voting down 205 to 87 a senate amendment to the naval appropriation bill permitting such payments. The proposal now goes back to conference.

DANGERS OF COSTIVENESS. Auto-intoxication, headache, lassitude, irritability, "blues," yawning, blotches, are among the results of constipation. If long neglected it may cause piles, ulceration of bowels, appendicitis, nervous prostration, paralysis. Don't delay treatment. Best remedy is Foley Cathartic Tablets, as many thousands know from experience. They not only do their work surely, easily, gently, but without injury to stomach or intestinal lining. Contain no habit-forming element. A. R. McIntyre Drug Co.—Advertisement.

## THREE MILLIONS BACK WILSON

Labor Leaders Have Confidence in the President's Plans.

ST. PAUL, Minn., June 19.—Secretary of Labor William B. Wilson, addressing the annual convention of the American Federation of Labor, today conveyed President Wilson's appreciation of the united efforts of organized labor in comparing the country industrially for the war.

In response President Gompers of the federation, said:

"We ask you to take home to your chief—the great interpreter of freedom, justice and democracy, the message of men of the labor movement. Nearly three million strong we are with you, Woodrow Wilson."

Wilson Details Improvements. Delegates listened with attention as Secretary Wilson detailed the gradual increase in wages and improved working conditions in the last 50 years which came, he said, as a result of persistent, intelligent action by the trade unions.

Forced to Enter War. After declaring that the American government was forced to enter the war because Germany was threatening the destiny of this country the speaker asserted that American workmen were vitally affected.

"Even though some people did contend and perhaps some still do, that passengers should not have been permitted on vessels entering the war zone, what of the worker?" he asked. "I maintain that the sailor on the deck, the steward, the engineer, stoker and coal passer were just as much entitled to protection of this government as many millionaires."

Mr. Wilson pointed to many reforms brought about through the interest of labor as a result of united action which include factory inspection, mining inspection and limitation of hours of employment for women.

Secretary Wilson predicted that great sacrifices would have to be made before the war is brought to a successful conclusion.

"Standards of living may have to be lowered," he said, "but unionists will make the necessary sacrifices without complaint and lay the foundation for higher standards of living in the future."

In conclusion Secretary Wilson said:

"Some may scab on the United States in this great struggle, but I am positive that the wage worker will not be found among them."

## SAYS IT ACTED LIKE A CHARM. Coughs, colds, sore throat or bronchial troubles which persist at this time of the year usually are of an obstinate character. That is all the more reason why a truly reliable remedy like Foley's Honey and Tar Compound should be used. Mrs. Margaret Smale, Bishop, Cal., writes: "Foley's Honey and Tar is a grand remedy; more than I can claim for it. I was suffering from a cold last winter and used this medicine and it acted like a charm." Contains no opiates. A. R. McIntyre Drug Co.—Advertisement.

## FEE AGENTS RUSH TO DEPARTMENT

Eager to Explain Graft Operations and Ask Leniency of Attorney General.

WASHINGTON, June 19.—Many self-acknowledged contingent fee agents appeared at the department of justice to explain their operations and to ask leniency in any action the department may take to break up the exposed system of defrauding contractors and the government out of millions of dollars.

Many of these agents heretofore had been unknown to the department and this fact promoted the impression that the system of making money out of war orders is even more extensive than officials had believed.

Hundreds of letters, telegrams and personal calls came to Attorney General Gregory and Assistant Attorney General Houston Thompson in direct charge of the campaign against them. Contingent fee system inquiring concerning the legal status of contracts already made or the legality of maintaining representatives in Washington. Some admitted that they had submitted contracts, not knowing that it was a violation of the law.

Although no formal statement of policy was made by the department of justice, officials intimated that leniency would be shown in all cases where it was apparent that the contractor or the commission agent neither pretended to use nor actually did employ any sinister influence in obtaining contracts.

A group of lawyers, working today on the mass of reports of graft made on manufacturers' offices found considerable new evidence of improper, if not illegal practices in the soliciting of government war contracts.

In many cases, it is understood, manufacturers have written to army officers who formerly held positions with them or with allied concerns, asking to use influence in getting contracts.

## GREEKS TO BE PAID FOR LOSS IN RIOTS

WASHINGTON, June 19.—Legislation, recommended by President Wilson to pay the government of Greece \$40,000 for property losses suffered by Greeks in rioting at South Omaha, Neb., in 1909 was reported favorably today by the senate foreign relations committee.

CHILD LABOR WORK. WASHINGTON, June 19.—Employees of child labor work would be barred from use of the mails under a bill introduced by Senator Kenyon of Iowa, designed to meet the recent decision of the supreme court holding the child labor law unconstitutional.

## FAIRBANKS TRUST FUND SET ASIDE

## AMERICAN PEP STIRS FRENCH

La Liberte Recounts Capture of 17 Germans by 12 American Raiders.

PARIS, June 18.—Under the heading "American pep," La Liberte recounts an incident on a "quiet" sector occupied by American troops. After a few days training in the trenches it was decided to carry out a little raid under the direction of a French sub-lieutenant. The raid was completely successful, all the enemy being killed or taken prisoner.

The raiding party devoted itself for some time to the destruction of machine gun emplacements and dug-outs. But when the time came to return it was discovered that a dozen Americans were missing. They could not possibly have been captured; so, the leader of the party decided to wait a few minutes. Soon the missing men, reappeared escorted by seven Germans and carrying two machine guns. They explained that the raid was a sort of lesson which they had mastered so quickly that they had gone on and entered the German second line and brought back some samples of prisoners to demonstrate their aptness.

## RECORD BREAKING VOTE IN PRIMARY

Governor Burnquist Leads Minnesota Race by Over Fifty Thousand Votes.

ST. PAUL, Minn., June 19.—The bitterness of the struggle between Non-Partisan league and Republican candidates for success at the state wide primary election last Monday has been reflected by the record-breaking vote. In 1916 the primary vote was 318,308. Available returns from 2279 of 3119 precincts give a total of 285,678 votes.

Governor J. A. A. Burnquist leads his opponent, Charles A. Lindbergh, in the race by more than 50,000. The latest figures representing 2229 precincts out of 3119 in the state and including 27 complete counties, give: Burnquist, 167,923; Lindbergh, 117,755.

The lead of Judge W. L. Crompton of Mankato over Fred H. Whalen of Minneapolis, in the Democratic nomination for governor was further reduced today by early returns showing the Mankato candidate only 1253 ahead. Reports from 1358 precincts gave Crompton 12,202 and Whalen 10,949.

## NEW TRIAL FOR MOONEY ASKED

President and California Governor Asked to Obtain Re-hearing of Condemned Man's Case.

ST. PAUL, Minn., June 19.—Resolutions calling upon President Wilson and the governor of California to use their powers to obtain a new trial for Thomas J. Mooney were features of the session today of the American Federation of Labor convention.

Mooney is under sentence of death in California for alleged participation in a preparedness day bomb outrage in San Francisco.

The Mooney resolution, which was passed unanimously asserted that unless Mooney is to go to the gallows with the belief prevailing that his conviction was obtained through perjured testimony, a new trial must be given him.

An appeal to the governor of California asks that executive order to "dispel the impression that a grave miscarriage of justice is being allowed with the knowledge of the authorities."

In an address to the convention today, M. Justin Godart, assistant secretary of war of France and head of a French war mission to the United States declared that a union of French and American workers will be one of the results of the conflict in Europe.

M. Godart, who together with other members of his mission, was guest of the convention today, said that the prevailing thought in the minds of the soldiers and workers of France was to win the war.

Replying, President Samuel Gompers said:

"We ask you to hold out a little while longer. We are coming, and America's workers and soldiers are determined to see this war through to the end."

The convention today adopted resolutions asking that shipment of news print paper to other than countries of the entente be prohibited for the duration of the war. The resolutions declared the print paper shortage to be due to strikes, lockouts and low wages.

Necessity of educating illiterate workers was set forth in a report submitted by the committee on education. An address by Miss Mollie Friedman of New York advocated establishment of union-owned schools.

Investigation of the federal postal inspection department was asked by the delegates in a resolution adopted today, special mention being made of the cost of carrying mail and the possibility of granting postal employees an increase in salary.

Another resolution adopted protested against any increase in postage rates on second class mail matter, it being asserted that newspapers are disseminators of war news in which every person in the country is interested. It was asserted that the new postal law which goes into effect July 1 would tend to create zones of thought and to promote sectionalism.

Child labor occupied a part of today's discussion. President Wilson and Secretary McAdoo were petitioned to prohibit transportation of all articles manufactured or produced by child labor and a resolution adopted asserting that the supreme court of the United States erred in a recent decision holding anti-child labor legislation unconstitutional.

Election of officers was made a special order of business for tomorrow afternoon.

## THREE PROFESSORS ASKED TO RESIGN

LINCOLN, Neb., June 19.—In addition to demanding the resignation of three of the faculty of the University of Nebraska in connection with the charges by the state council of defense that instructors of the school lacked aggressive Americanism in their views on the war, the university's board of regents has decided to ask two other professors to resign unless they can satisfactorily explain their alleged conduct in "speaking unfounded suspicions against the attitude of members of the staff."

The two instructors accused by the regents of circulating the "unfounded suspicions" are Minnie L. England and Dr. F. M. Fling. The accusation against them was contained in a statement by the regents last night when the resignations of Professors Erwin Hopt, C. E. Persinger and G. W. A. Luckey were demanded.

## The Doctor's ADVICE

Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Elwood streets, Dayton, Ohio, enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

comp. fluid balmwort and 5 oza. syrup sarsaparilla comp. Mix and take a teaspoonful at meal time and again before going to bed. You should get good results from this prescription and permanent relief.

S. E. writes: "Two years ago I used your great prescription for kidney trouble, and the whole ailment was cured. I want medicine now for constipation and impure blood, for I am a night with pimples that make big, lumpy sores."

Answer: I would advise the taking of three-grain sulphur tablets (not sulphur) for several months to purify the system.

J. E. M. asks: "Can I safely reduce my weight, and how?"

Answer: Go to a well-stocked drugstore and get five-grain arbolone tablets sealed tube with complete directions. Take as directed, and you should soon feel the relief you desire. Many of my patients report quick results without any harmful action whatever.

NOTE: For many years Dr. Baker has been giving free advice and prescriptions to millions of people through the press columns, and doubtless has helped in relieving illness and distress more than any single individual in the world's history. Thousands have written him expressions of gratitude and confidence similar to the following:

Dr. Lewis Baker, Dear Sir:—I am glad I was recommended to your prescription for medicine. I was pretty well run down, nervous and lost of ambition; felt tired all the time; could not sleep, loss of appetite, felt weak and distressed more than I can describe. I find three-grain Cadomene Tablets are helping me very much. I was written to my sister about my run-down condition and she advised me to take your prescription of medicine, for she was built her nerves up and also restored her health. I am more than thankful, for. Yours truly, GEORGE SCHILLO, 6206 Pearl Ave., Cleveland, Ohio.

## STAR ANSWERS MARSHALL POAST

KANSAS CITY, Mo., June 19.—The Kansas City Star today submitted to the Associated Press a brief biography of its editorial manager, A. F. Seested, to show his status as a citizen.

It follows:

"The Kansas City Star makes this statement concerning Vice President Marshall's attack on the loyalty of its general manager, A. F. Seested:

"Mr. Seested was born in the town of Tondern, in Denmark, in 1864. At the time his father was fighting in the Danish army against Prussia. With the Prussian occupation of that part of Denmark, Seested, Sr., became a German subject. In 1880 he and his large family of boys came to America. Seested, Sr., at once took steps to become an American citizen. After this Seested always believed that his act made him an American citizen.

For more than 30 years he acted as such. At the election of 1918 he discovered that technically he was not. The failure of Seested, Sr., to take out final papers before his son became of age was the cause. A. F. Seested at once set about to correct the technical error and early in 1917 full citizenship was granted him by the United States court in Kansas City. In the courts of the Kansas City Star he has been for the most vigorous prosecution of the war and has given freely of his time and money to advance it."
